Dear active investors,

Two good last Trading days in 2025 and a good start in 2026. ATX TR went for the first time ever above 13.000. From 12.000 to 13.000 we needed only 7 weeks. News came from Vienna Airport, Erste Group, Vienna Stock Exchange, Valneva and Rosenbauer.

**Vienna Airport:** Vienna Airport has reached a new historic milestone: Before the end of the year, Austria's largest airport welcomed its 32 millionth passenger, setting a new record. The passengers, Angela from Bucharest and her sister Carmen, were welcomed upon their arrival at Vienna Airport. The exact passenger figures for the full year 2025 will be announced by Vienna Airport on January 20, 2026.

**Erste Group:** Santander Bank Polska plans to change its name to Erste Bank Polska, with the rebranding process set to begin in the second quarter of 2026, subject to shareholder approval and court registration, the bank said in a market filing. The rebranding follows a planned change in ownership. Erste Group has said it expects the acquisition of Santander Bank Polska to be completed around mid-January 2026. The proposed new name was included in draft resolutions published for an extraordinary general meeting scheduled for January 22, 2026, at which shareholders will also vote on changes to the bank's supervisory board.

**Erste Group:** weekly performance: **2.77%**

**Vienna Stock Exchange:** Vienna Stock Exchange recorded a dynamic trading year in 2025, marked by geopolitical tensions, trade conflicts and the prospect of an end to the war in Ukraine. Equity turnover will amount to around EUR 71 billion at the end of the year, making 2025 the third strongest trading year since 2012, after 2021 and 2022. The ATX including dividends (total return) is at an all-time high and exceeded the ten-, eleven- and twelve-thousand-point marks for the first time.

**Valneva:** Valneva SE, a specialty vaccine company, and Serum Institute of India, a Cyrus Poonawalla Group company today announced that they have mutually agreed to discontinue their license agreement for Valneva's single-shot chikungunya vaccine. **Vienna Stock Exchange:** The Vienna Stock Exchange Academy, which is run in collaboration with the WIFI Management Forum, can look back on very successful year: in its anniversary year 2025 – the Academy celebrated its 20th anniversary – a new record was set with over 2,600 participants attending 123 seminars. In 2026 the range of courses has been expanded once again. For experienced investors, the current programme offers additional in-depth courses on the topic of stock strategies. Due to the high demand for the basic seminar "Investing in Securities", the seminar "Stock Strategies for Long-Term Investment Success" is now also being offered exclusively for women. The seminar "Equity Strategies Compact" is also open to all interested parties. New to the programme is the "Personal Finance" course, which covers the most important topics in financial life: the stock market and wealth accumulation, money and the economy, loans, insurance, real estate, investor and consumer protection, as well as pensions and retirement planning. To support New Year's resolutions relating to personal development in the financial sector, the Vienna Stock Exchange Academy is offering a New Year's bonus: until 19 January 2026, a 20 per cent discount applies to almost all seminars.
